

ALLOCATION OF ORDERS—PARTIALLY SET-
ASIDE ITEMS (SEP 1999)

Where the set-aside portion of an item or group of items is awarded to a Contractor other than the one receiving the award on the corresponding non-set-aside portion, the Government will divide the requirements to be ordered between the two Contractors with the objective of achieving, as nearly as possible, a 50/50 division of the total value of orders placed after the award of the set-aside portion. In no case will this division vary by more than a 60/40 division (with either the non-set-aside or set-aside Contractor receiving the larger portion) from the time of the award of the set-aside portion.

As prescribed in 519.708, insert the following provision:

NOTICE TO OFFERORS OF SUBCONTRACTING
PLAN REQUIREMENTS (SEP 1999)

The General Services Administration (GSA) is committed to assuring that maximum practicable opportunity is provided to small, HUBZone small, small disadvantaged, and women-owned small business concerns to participate in the performance of this contract consistent with its efficient performance. GSA expects any subcontracting plan submitted pursuant to FAR 52.219-9, Small Business Subcontracting Plan, to reflect this commitment. Consequently, an offeror, other than a small business concern, before being awarded a contract exceeding \$500,000 (\$1,000,000 for construction), must demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, and women-owned small business concerns as subcontractors in the performance of this contract.

PREPARATION, SUBMISSION, AND NEGOTIATION

(a) An offeror, other than a small business concern, submitting an offer that exceeds \$500,000 (\$1,000,000 for construction) shall submit a subcontracting plan with its initial offer. The subcontracting plan will be negotiated concurrently with price and any required technical and management proposals,

unless the offeror submits a previously-approved commercial products plan.

(b) Maximum practicable utilization of small, HUBZone small, small disadvantaged, and women-owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits. An offeror submitting a commercial products plan can reflect this commitment through subcontracting opportunities it provides that relate to the offeror's production generally; i.e., for both its commercial and Government business.

(c) GSA believes that this potential contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, and women-owned small business concerns as subcontractors. Consequently, in addressing the eleven elements described at FAR 52.219-9(d) of the clause in this contract entitled Small Business Subcontracting Plan, the offeror shall:

(1) Demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, and women-owned small business concerns in performing the contract.

(2) Include a description of the offeror's subcontracting strategies used in any previous contracts, significant achievements, and how this plan will build upon those earlier achievements.

(3) Demonstrate through its plan that it understands the small business subcontracting program's objectives and GSA's expectations, and it is committed to taking those actions necessary to meet these goals or objectives.

(d) In determining the acceptability of any subcontracting plan, the Contracting Officer will take each of the following actions:

(1) Review the plan to verify that the offeror demonstrates an understanding of the small business subcontracting program's objectives and GSA's expectations with respect to the program and has included all the information, goals, and assurances required by FAR 52.219-9.

(2) Consider previous goals and achievements of contractors in the small industry.

(3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small,

The offeror's description can apply to commercial as well as previous Government contracts.
